Saa₹thi - SEBI's Mobile App on Investor Education

Saa₹thi - SEBI's Mobile App on Investor Education

Saa₹thi, a Mobile App, has been launched by the Securities and Exchange Board of India (SEBI) for investor education. This Mobile App is yet another initiative of SEBI with a view to empowering investors with knowledge about the securities market. With the recent surge in individual investors entering the market, and more importantly, a large proportion of trading being mobile phone based, this App will be helpful in easily accessing the relevant information.

The SEBI Mobile App aims to create awareness among investors about the basic concepts of the securities market, KYC process, trading and settlement, mutual funds, recent market developments, investor grievances redressal mechanism, etc. The App is available in Hindi and English. The Android and iOS versions of the App can be downloaded from Play Store ↗ and App Store ↗ respectively.
